Mike Parham, Vice President/General Manager
Industrial Splicing and Sling
1842 North 109th East Ave.
Tulsa, Oklahoma 74116

Dear Mr. Parham:

The Little Rock Area Office would like to extend to you and your company our appreciation for the excellent presentation by Mr. Larry Postelwait and the Industrial Splicing crew from the Little Rock location, Mr. Dale McNich and Mr. Robbie Bean. The information presented was very beneficial for the employees of both the Little Rock area office and the Arkansas Department of Labor Consultation Service. We received many positive comments regarding the high quality of the training and how relevant it was for our employees in the field.

Again, we wish to thank you for allowing your representatives to provide the training to our staff and for helping us keep Arkansas Workers safe.

Sincerely,

CARLOS M. REYNOLDS
Area Director
